

Customisation Options for Your Sauna

We offer a curated selection of options to customise and enhance your sauna. This overview highlights the most popular choices, and we would be delighted to guide you in creating a sauna perfectly tailored to your space and lifestyle.

Sauna Heaters

The right choice of heater is key to a great sauna experience. We offer a wide selection of quality heaters made in Finland and Estonia. We will recommend the ideal option to you individually.

Wood heater incl. stones	A wide range of wood-burning heaters is available. We'll recommend suitable models.	Starting from 1070 €
Chimney roof exit	Vertical chimney (stainless steel) with roof exit	590 €
Chimney wall exit	Chimney with exit through wall for added durability of the roof structure.	1 980 €
Bottom heat protection	Powder coated metal plate with air-flow and adjustable feet.	240 €
Electric heater setup	Electric heater setup including control panel (Wi-Fi enabled optional), wiring, temperature and door sensors and stones.	Starting from 980 €
Electric heater installation	Installation of electric heater system	950 €
Wood heater installation	Installation of wood-burning heater and chimney	550 €

Windows & Window Frames

Small window	Double-glazed windows up to 0,75 sqm (e.g. 120 cm x 50 cm), including Cedar wood frame	1 080 €
Medium window	Double-glazed windows between 0,75 sqm and 1,5 sqm (e.g. 140 cm x 100 cm), including Cedar wood	1 430 €
Large windows	Large panoramic windows (double-glazed & tempered) are quoted on a case-by-case basis as they might require extra logistics with shipping to the building location directly.	Starting from 1880 €

Roofing Option

Natural Slate Roof	Natural slate roofing with bitumen underlay, elegantly finished with perimeter edge flashings. Price depending on size of roof.	Starting from 1880 €
--------------------	---	----------------------

Electronics & Lighting

Electricity access setup	Everything required to prepare your sauna to be safely connected to electricity.	250 €
Interior light	Light inside the sauna with wooden cover for soft and indirect lighting. Including wiring and switch.	170 €
Exterior lights incl. wiring	We use ceiling spotlights in the roof overhang.	360 €
Inside LED light strips	Indirect, dimmable LED lighting either behind the top backrest or below the lower bench. Creates beautiful atmospheric lighting. Including wiring and remote switch.	560 €

Sauna Door

Full glass door	8 mm safety glass door with wooden frame.	included
Wooden door upgrade	Wooden door with magnetic closing, flush with wall thickness and including a wooden frame.	1 220 €
Wooden door upgrade with window	Same as wooden door plus a window.	1 390 €
Wooden door upgrade with fishbone optic and diamond shaped window	Same as wooden door plus fishbone outside optic and a window.	1 630 €

Benches & Backrests

Benches	Benches made with 45mm thick Cedar wood in the dimensions as indicated on layouts. We always have a lower and an upper bench.	included
Bench & backrests coating	3-layer coating of benches and backrests with a specialized sauna bench product. The wood becomes protected from dirt and is easy to clean.	520 €
Backrest for top bench	Backrest for the top bench to create a more comfortable seating position and protect the inside	280 €
Backrest for lower bench	Backrest to connect the upper and the lower bench to create comfort and a very pleasant look.	580 €
Headrest	Headrest made of Cedar wood, treated with sauna	120 €

Floor Options

Floor coating	3 layer coating of floor with Osmo oil-wax. The wooden floor becomes easy to clean and more resistant to moisture.	320 €
Tiled floor	Tiled floor with a drainage. A variety of tile designs are available.	Starting from 2250 €

Outside Wall Coloring & Treatment

Water-based wood stain	Several RAL colours are available for treatment of outside walls with high quality primer and wood tint. Portuguese product specifically designed for Cedar wood. In addition to the visual effect, the wood receives protection and increases longevity.	Starting from 980 €
Yaki-Sugi-Ban (only possible with "additional facade layer")	Traditional Japanese wood-charring technique that improves durability and resistance to moisture and decay. It creates a distinctive black finish while preserving the wood's natural character. Final finish with linseed oil.	Starting from 2450 €

Building Extensions

Additional facade layer	22mm Cedar wood facade to create extra insulation and protection of the solid wood sauna wall.	3 200 €
Wooden deck	Wooden deck with impregnated decking wood to create resting spaces in front of the sauna. Including the supporting frame structure. Price per sqm (materials and installation included). Foundation	135 € per m2
Additional roof overhang with support pillars	Additional 70 cm roof overhang on the door side to create a covered area. Including two vertical Cedar support pillars and corresponding deck space	Starting from 1240 €
Anteroom annexed to sauna	Closed room annexed to sauna with 100 cm depth. Including pine wood flooring and a glass door.	Starting from 4300 €

Foundation

The choice of foundation depends on the terrain where the sauna will be placed. In most cases the foundation is organised by the client based on our plans. We offer a foundation solution through a collaborator: Ground screws.

Ground screws	80 cm to 120 cm length ground screws drilled into the soil. Sleek look and non-invasive solution.	starting from 1200 €
---------------	---	----------------------

Your Individual Requests

Each of the saunas we build is unique. Please feel free to share your individual wishes and ideas at any time, and we will be happy to prepare a tailored proposal.

Prices incl. VAT

Remark: Some of the prices are based on medium sized models and might be adjusted for small and large models.
